You mean like the "openness" that allowed at least 150 ISIS terrorists to cross back into Sweden? bbc.co.uk/news/world-eur...

> On Sunday people gathered in central Stockholm for a "Lovefest" vigil against terrorism, and laid flowers outside the Ahlens shop in tribute.
>
> More than 20,000 people attended the vigil, AFP reported, citing city officials.
>
> City mayor Karin Wanngard told the crowds: "Terror cannot win. Instead we shall think of the kindness and openness that characterises our city."

Seth Rich's dad says Brad Baumann was assigned to them by the DNC and he has no idea why.

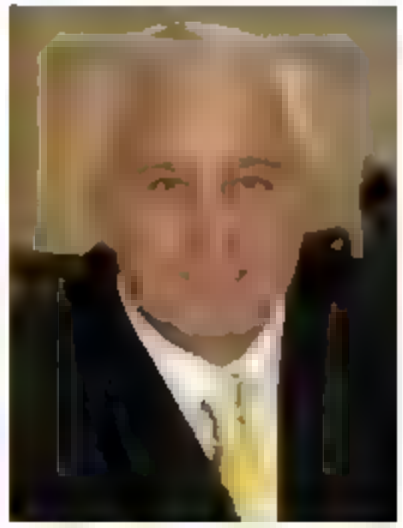
"The third time I talked to Mr. [Joe] Rich (Seth's father), he said, 'Ed, there is a guy named Burkman who keeps saying he represents us. I am going to give you his phone number. Please tell him to stop doing that. We have a man who was assigned to us by the DNC," Butowsky explained to WND

According to Butowsky, Joe Rich added. "We were assigned a guy named Brad Bauman. I don't know why we were assigned him. I have no idea why I need somebody to speak for me, but please tell Burkman, because he is not listening to me, to go away and stop acting like he speaks for us."

"Joe Rich's exact words were 'the DNC assigned [Bauman] to us,'" Butowsky said.

Butowsky said has never spoken to Burkman, "but all I know is that Mr. Rich didn't like him, that he wouldn't listen and kept making up stuff."

How many people do YOU know who have died mysteriously? Not as many as the Clintons! Check out WND's explosive report, "'Clinton death list': 33 spine-tingling cases."



Ed Butowsky a wealth management and financial adviser

In an interview with WND on May 16, Bauman explained that he was put in touch with Rich's family by two of Rich's friends – both of whom worked for the DNC – and that the family requested help because they had more media requests than they could handle.

Seth Rich's dad says Brad Baumann was assigned to them by the DNC and he has no idea why.

"The third time I talked to Mr. [Joe] Rich (Seth's father), he said, 'Ed, there is a guy named Burkman who keeps saying he represents us. I am going to give you his phone number. Please tell him to stop doing that. We have a man who was assigned to us by the DNC," Butowsky explained to WND

According to Butowsky, Joe Rich added, "We were assigned a guy named Brad Bauman. I don't know why we were assigned him. I have no idea why I need somebody to speak for me, but please tell Burkman, because he is not listening to me, to go away and stop acting like he speaks for us."

"Joe Rich's exact words were 'the DNC assigned [Bauman] to us,'" Butowsky said.

Butowsky said has never spoken to Burkman, "but all I know is that Mr. Rich didn't like him, that he wouldn't listen and kept making up stuff."

Ed Butowsky, a wealth management and financial adviser

In an interview with WND on May 16, Bauman explained that he was put in touch with Rich's family by two of Rich's friends – both of whom worked for the DNC – and that the family requested help because they had more media requests than they could handle.

Seth Rich's dad says Brad Baumann was assigned to them by the DNC and he has no idea why.

"The third time I talked to Mr. [Joe] Rich (Seth's father), he said, 'Ed, there is a guy named Burkman who keeps saying he represents us. I am going to give you his phone number. Please tell him to stop doing that. We have a man who was assigned to us by the DNC," Butowsky explained to WND

According to Butowsky, Joe Rich added. "We were assigned a guy named Brad Bauman. I don't know why we were assigned him. I have no idea why I need somebody to speak for me, but please tell Burkman, because he is not listening to me, to go away and stop acting like he speaks for us."

"Joe Rich's exact words were 'the DNC assigned [Bauman] to us,'" Butowsky said.

Butowsky said has never spoken to Burkman, "but all I know is that Mr. Rich didn't like him, that he wouldn't listen and kept making up stuff."

In an interview with WND on May 16, Bauman explained that he was put in touch with Rich's family by two of Rich's friends – both of whom worked for the DNC – and that the family requested help because they had more media requests than they could handle.

JPflorida tilføjet,

A person is guilty of coercion in the second degree when he or she compels or induces a person to engage in conduct which the latter has a legal right to abstain from engaging in, or to abstain from engaging in conduct in which he or she has a legal right to engage, or compels or induces a person to join a group, organization or criminal enterprise which such latter person has a right to abstain from joining, by means of instilling in him or her a fear that, if the demand is not complied with, the actor or another will:

1. Cause physical injury to a person, or
2. Cause damage to property, or
3. Engage in other conduct constituting a crime, or
4. Accuse some person of a crime or cause criminal charges to be instituted against him or her; or
5. Expose a secret or publicize an asserted fact, whether true or false, tending to subject some person to hatred, contempt or ridicule, or

The Ambien tweet once again confirms that mega corporations have figured out how to exploit virtue signalling for free advertising because Twitter is full of dumb simpletons who can't tell the difference.

Obviously it would leak elsewhere, but mainstream media withholding the names of mass shooters would reduce mass shootings.

Will any of the major networks support this?

So when does your show get cancelled?

Oh I forgot, liberals get blanket immunity from that.

What is happening in Italy is momentous.

Just as they did with Trump, the establishment will attempt to portray everything that happens there as dark and chaotic.

But Italy is a shining beacon for the rest of Europe, and that's why the global elite is utterly terrified.

London last 48 hours.

- Man on life support after being stabbed last night
- Woman stabbed to death Thursday night
- Man fighting for life after being shot by "machine gun"
- Another man critically injured after being stabbed

This will only get worse as the weather gets warmer.

According to London police, the definition of "Islamophobia" includes suggesting that Islam is "sexist" or that Islamism exists as a political ideology (a manifestly provable fact).

Absurd.

@MaajdNawaz

Terminology

There are a number of terms that are used throughout this report that require a brief comment. Islamophobia and Islamophobic or anti-Muslim hate crime.

Islamophobia

The authors are aware that there is a wide debate around the term 'Islamophobia'. However, for the purposes of this report the definition outlined in the Runnymede Trust's 1997 report *Islamophobia: A Challenge For Us All* will be used. This definition is widely accepted, including by the European Union Agency for Fundamental Rights (FRA, (previously known as the Monitoring Centre on Racism and Xenophobia).

According to this definition, the eight components of Islamophobia are:

1. Islam is seen as a monolithic bloc, static and unresponsive to change
2. Islam is seen as separate and 'other'. It does not have values in common with other cultures, is not affected by them and does not influence them
3. Islam is seen as inferior to the West. It is seen as barbaric, irrational, primitive and sexist
4. Islam is seen as violent, aggressive, threatening, supportive of terrorism and engaged in a 'clash of civilisations'
5. Islam is seen as a political ideology and is used for political or military advantage
6. Criticisms made of the West by Islam are rejected out of hand.
7. Hostility towards Islam is used to justify discriminatory practices towards

These middle class white British women virtue signalling about not having babies to "save the planet" is hilarious.

White people aren't having babies. Fertility is collapsing.

The only people having babies are non-white.

Which makes these women RACIST.

50% of online abuse aimed at women comes from other women.

Why on earth are you devoting time to mean comments on the Internet when you should be securing a Brexit vote that reflects the democratic will of the British people?

For God's sake, make way for a proper leader. Now.

Theresa May @theresa_may
I've arrived in Quebec for the #G7Summit, which brings together leaders from the world's biggest economies. I will call on world leaders to protect the world's oceans and ask them to prevent the vile abuse of women online

As it is, they're laughing at us because Theresa May is so utterly weak and useless.

Man arrested after threatening to kill Republican Congressman's children.

He told an intern: "If you are going to separate kids at the border, I'm going to kill his kids."

The media's hysteria is inciting violence. This has to stop.

The real reason for replacing Europeans is to create a population of docile, dependent welfare slaves who won't challenge authority.

It isn't even a racial thing, it's about pure power and domination.

Things @iamfonda has encouraged in the last 24 hours;

- Showing up at schools to "scare the shit out of" children of Border Patrol agents.
- Putting Barron Trump "in a cage with pedophiles".
- Hacking a government database.

This is gonna be an interesting test of Twitter's TOS.

Twitter banned Milo for life for making fun of a movie, while Peter Fonda still has an account after encouraging the rape of a child, sexual abuse of women, stalking and hacking a government database.

But there's no bias here, really.

So in summary....

- The mother and child were NOT separated
- The mother had already been deported in 2013
- Her motives for illegally entering U.S. were economic
- Father said what she did was "irresponsible"

And the media lied about the whole thing.

Hi @Newsweek - if by "links to the Alt-Right," you mean I don't believe the main doctrine of the Alt-Right (ethnostate), the Alt-Right hates me for it, and I literally have "anti-Alt-Right" in my bio," then yeah I guess I have "links to the Alt-Right".

Here's the text of the message I'm available to talk at any time

Thanks

Jonas

Dear Hillary,

A serious situation has arisen in Albania which needs urgent attention at senior levels of the US government You may

•know that an opposition demonstration in Tirana on Friday resulted in the deaths of three people and the destruction of

UNCLASSIFIED U S Department of State Case No F 2014 20439 Doc No C05778285 Date 09 30 2015

property There are serious concerns about further unrest connected to a counter-demonstration to be organized by the

governing party on Wednesday and a follow up event by the opposition two days later to memorialize the victims The prospect of tens of thousands of people entering the streets in an already inflamed political environment bodes ill for the return of public order and the country's fragile democratic process

I believe two things need to be done urgently

1 Bring the full weight of the international community to bear on Prime Minister Berisha and opposition leader Edi Rama to forestall further public demonstrations and to tone down public pronouncements

2 Appoint a senior European official as a mediator

While I am concerned about the rhetoric being used by both sides, I am particularly worried about the actions of the Prime Minister There is videotape of National Guard members firing on demonstrators from the roof of the Prime Ministry The Prosecutor appointed by the Democratic Party, has issued arrest warrants for the individuals in question

The Prime Minister had previously accused the opposition of intentionally murdering these activists as a provocation After the tape came out deputies from his party accused the Prosecutor of planning a coup d'etat in collaboration with the opposition, a charge Mr Berisha repeated today No arrests have been made as of this writing

The demonstration resulted from opposition protests over the conduct of parliamentary elections in 2009 The political environment has deteriorated ever since and is now approaching levels of 1997 when similar issues caused the country

to slide into anarchy and violence There are signs that Edi Rama's control of his own people is slipping which may lead to further violence

The US and the EU must work in complete harmony over this, but given Albania's European aspirations the EU must take the lead That is why I suggest appointing a mediator such as Carl Bildt Martti Ahtisaari or Miroslav Lajcak all of whom have strong connections to the Balkans

My foundation in Tirana is monitoring the situation closely and can provide independent analysis of the crisis

Thank you,

George Soros

"#PrisonPlanet [illegible]" Rare #MSM even MENTION #SethRich is2 'debunk' it as 'Conspiracy Theory'

Has Brad Bauman been tasked by the Democratic establishment with silencing uncomfortable questions about Seth Rich's murder?

Wikileaks, which yesterday published tweets suggesting that Assange himself might be a target of assassination, clearly thinks that something sinister is afoot, otherwise it wouldn't keep drawing attention to the issue.

Why did Seth Rich's family apparently hire someone who, according to his own LinkedIn page, specializes in crafting messages to manipulate media coverage? The family seemed to be communicating with the media perfectly adequately before Bauman arrived on the scene.

By failing to remain politically neutral, YouTube (Google) is in violation of the Communications Decency Act.

This removes their immunity & makes them legally responsible for user content.

We must lobby lawmakers to pressure them on this relentlessly.

By failing to remain politically neutral, YouTube (Google) is in violation of the Communications Decency Act.

This removes their immunity & makes them legally responsible for user content.

We must lobby lawmakers to pressure them on this relentlessly.

Thank God CNN explained to me how Hillary being in bad health was just a "conspiracy theory," otherwise I might question why she's totally incapable of walking down stairs even while being supported by two men. 😐

Please provide proof of anywhere I have advocated for violence or kindly retract.

Jarrod Ramos filed a defamation case against the newspaper who he attacked in 2012.

This was obviously a personal vendetta.

If being a gay man married to a handsome black man constitutes pedophilia then we're truly fucked in the logical department. However using "But Mohammed" is absolutely off limits.

In this article, in which you say, "I do not believe that Trump administration officials should be able to live their lives in peace," you also emphasize how, "The U.S. had thousands of domestic bombings per year in the early 1970s."

Can you explain what the implication is here?

If you don't have an "absolutist" belief in free speech, you don't support free speech because whatever is deemed "harmful" or "offensive" is completely subjective. This is basic.

How Free Speech Is Being Used as a Weapon by Conservatives

3y [illegible]

- Borrowing arguments that were once the province of liberals, conservatives have used the First Amendment to justify things like campaign spending and attacks on regulating tobacco and guns.
- As a result, many on the left have traded an absolutist commitment to free speech for one sensitive to the harms it can inflict.

Ben is indeed smart. And I want to like him, but his inner “tool” pops out a little too often, as though he’s not sure if he’d rather be right or effect change. He can’t seem to pull of both simultaneously. His timing is off or something.

replies

I sometimes get the feeling that he is trying to appear fair and independent from both sides which may be explained by his comments about a possible presidential candidacy

Yes, I agree w you, only I add his wife to the mix as well. Kim may require slower red pilling, so to speak. Think of all her friends and family. That’s a lot of pressure. Just a thought.

The World Cup provides a fascimile of populism and patriotism.

The working classes are allowed to express love for country without being sneered at by the metropolitan elite & judged as racists.

And that's why the elite hate it so much.

CNN.

Tries to lobby YouTube to shut down our channel. Fails.

Doxxes creator of Trump/CNN meme.

Harasses old lady at her home for posting pro-Trump memes.

Now lobbies Facebook to shut us down.

Why is CNN - a news outlet - behaving like the news mafia?

CNN (@o .verdarcy) & BuzzFeed (@cwarzel) are butt-hurt that Facebook has not banned Infowars, despite Facebook admitting it buries us in the algorithm.

They're literally lobbying a company to shut down a smaller competitor.

The absolute state of journalism in 2018.

Dem Congressman calls for military coup to remove Trump.

Dem activist calls for Hillary to be installed as president.

And they have the nerve to call Trump "treasonous".

Give me a break.

Rachel Maddow still can't see to grasp that when Trump goes up against the deep state, he is not betraying America.

The deep state is NOT America, it is the enemy of America.

Exactly! I still laugh about the time Rachel Madcow embarrased herself on live TV when she said she had [illegible]'s tax returns, and when she started going over them it showed he paid a higher tax rate and way more taxes than Obama, and Bernie. What an idiot! 😂😂😂😂😂

Obama eschews identity politics.

"You can't do it if you insist that those who aren't like you because they're white, or because they're male...that somehow they lack standing to speak on certain matters."

Will Dems listen?

Nope. They're all in.

Went into my local supermarche and the asshole at the door says "Good Morning Ma'am". I turn and look at him. "Excuse me?" I said. And he repeated himself "Who the fuck do you think you are to call me Ma'am, I'll have you know you are pushing gender stereotypes and one of my best friends is struggling with their gender identity at the moment and people like you are the reason they always feel so persecuted He starts to say he didn't mean anything by it, WRONG ANSWER BUDDY. 20 minutes later and security end up getting called. As they're about to kick me out, another shopper stops them and explains how I'm in the right and a hero for standing up for people. The manager comes out mid-way through this and fires the employee on the spot. Turns out their child is also struggling with gender identity. The manager thanked me and said my next shopping trip there is free. Always stand up for what you think is right and karma will reward you!

Twitter is increasingly a dumpster fire of loud, stupid people yelling at and trying to aggressively out virtue signal each other with increasingly deranged, inane hysteria.

I shall be shifting some of my time to concentrate on making more and better videos.

The left openly endorses terrorism on a regular basis. This is what happens when you legitimize extremism by failing to denounce extremists.

No doubt about that, the evidence is everywhere. 😄

So why have over half a million South Koreans signed a petition opposing it?

Just a thought

The suggestion that migrants need to be told how to behave around women is incredibly Islamophobic.

As we know, these parts of the world led the charge for women's rights and don't literally have something called "the rape game".

Yes. People are innately tribal. Diversity tends to reduce social cohesion, lower trust, tribalize politics, etc

Yes, I am shadowbanned on Twitter's search function for people who don't follow.

This occurred after a Dem Congressman whined and bitched to Twitter during a House Intelligence meeting about why my tweets were showing up on trending hashtags (see below).

Or maybe not.

UN strategy document from 2001.

Says that "replacement migration" is needed to "offset population decline."

Says up to 600 million migrants needed in U.S. and up to 1.4 billion migrants needed in Europe by 2050.

Absolutely crazy numbers.

No presidential candidate has ever talked like this. Not even Goldwater.

This is why the establishment hates Trump.

> "For those who control the levers of power in Washington and for the global special interests, they partner with these people that don't have your good in mind. Our campaign represents a true existential threat, like they haven't seen before. This is not simply another four-year election. This is a crossroads in the history of our civilization that will determine whether or not we, the people, reclaim control over our government. "

The left has the entire system rigged in their favor.

Hollywood, mainstream media, academia, education, social media.

And yet we're still dominating the arguments.

It's like we have both hands tied behind our backs in a boxing match yet are still somehow winning on points.

Why is @Patreon allowing donations to Antifa, a domestic terrorist group? Does Patreon endorse violence?
bre tbart.com/tech/2018/07/2 ..

> Patreon's bias can also be seen in its approach to Antifa, a far-left organization that, much like Stuckbery and Cullman, supports the use of violence against people they determine to be "fascists." As you might expect, those are frequently just ordinary Trump supporters and conservatives. Antifa's rampages at pro-Trump events, where random acts of violence are accompanied by widespread looting and damage to private property, have in the past caused hundreds of thousands of dollars in damage. Last year, an Antifa member pled guilty to plotting grenade attacks on Trump supporters during the Presidential inauguration.
>
> The U.S. government isn't keen on these self-appointed fascist fighters, and has categorized Antifa as a domestic terrorist organization. Yet it's a domestic terrorist organization that is still allowed on Patreon. A cursory search of Patreon reveals at least six [redacted] pages, some of them boasting dozens of regular contributors, which are affiliated with Antifa, express their support for Antifa, or display the movement's symbol, the red-and-white anarcho-communist flag.

While TV debates on mainstream networks in the U.S. obsess about porn stars and playboy models, Russians are talking about how the deep state might assassinate Trump because he is challenging their power monopoly.

Spanish police warn 50,000 illegal migrants from sub-Saharan Africa in Morocco are waiting to storm into Spain.

They got there with the aid of criminal people smugglers.

Spain's socialist government is giving them the green light.

They allowed this.

Tidy front lawns!

Front lawns are catastrophic environmentally yet are prized as a symbol of the white racist suburban dream. This is about a larger issue—who gets to determine how space is used? How are laws that control how space can be used a means of forcing white norms onto nonwhite ppl?

Life hack for media leftists: If you want to tweet racist bile, just say anyone who discovers your bigotry is acting in "bad faith" and claim you're the victim.
Then the media and the blue tick brigade will gleefully rush to your defense.

YouTube subs & viewers for mainstream media networks have been pretty great since YouTube decided to sell out for that corporate dollar & betray the very people who built its platform.

A rigged algorithm isn't enough for CNN though. They want their competition totally shut down.

Now that Facebook has banned Infowars, it will be very interesting to see which conservative news outlets and commentators speak out and which ones remain complicit in silence.

Whatever you think of Infowars, they're coming for you next.

If free speech does not include controversial/unpopular/offensive speech, it doesn't exist.

A society in which free speech doesn't exist is doomed to collapse into authoritarianism.

No it's not "just a private company".

This is a Big Tech monopoly working hand in hand with the establishment media to unfairly silence dissenters.

This is Chinese-style web control. Here and now. In the west.

Facebook has permanently BANNED Infowars.

For unspecified "hate speech". They didn't even tell us what the offending posts were.

This sets a chilling precedent for free speech.

To all other conservative news outlets - you are next.

The great censorship purge has truly begun.

Facebook bans Infowars. Permanently.

Infowars was widely credited with playing a key role in getting Trump elected.

This is a co-ordinated move ahead of the mid-terms to help Democrats.

This is political censorship.

This is culture war.

A reminder that Facebook banned Infowars after lobbying by both CNN and Democratic Congressman Ted Deutch (D-FL).

This isn't "just a private company," this is political censorship.

Whether you love or loathe Infowars, this now confirms that Big Tech is working with legacy media to silence independent media.

In places like Russia, the government shuts down the press, in America, CNN, Apple and Facebook fulfil that role.

Spotify has now completely banned Infowars too.

Apple, Facebook, Spotify all within 12 hours of each other.

This isn't enforcement of TOS, it's coordinated big tech censorship.

This is real election meddling.

Daminous Purity

Absolutely disgusting that these companies are so afraid of you telling the truth

For companies to claim everyone has freedom/free speech this again shows the fear they have and continued censorship of the truth to keep programming the masses with their evil lies.

This is the key point.

4 big tech firms all banned Infowars within 12 hours of each other.

This suggests collusion and it PROVES that their terms of service are all arbitrary and bullshit.

Incredible.

Forget the Supreme Court, Susan Wojcicki and Mark Zuckerberg are now de facto defining the parameters of the First Amendment.

Big business monopolies as the ultimate judge, jury and executioner on free speech rights.

And so-called liberals are celebrating.

I notice that little @pensnapiro has said NOTHING about Facebook banning Infowars.

Will be interesting to see which other "conservatives" either remain silent or throw us under a bus.

@Pr sonPlanet

Facebook has permanently BANNED Infowars.

For unspecified "hate speech". They didn't even tell us what the offending posts were.

This sets a chilling precedent for free speech.

To all other conservative news outlets - you are next.

The great censorship purge has truly begun.

Now that Facebook has banned Infowars, it will be very interesting to see which conservative news outlets and commentators speak out and which ones remain complicit in silence.

Whatever you think of Infowars, they're coming for you next.

Now that Facebook has banned Infowars, it will be very interesting to see which conservative news outlets and commentators speak out and which ones remain complicit in silence.

Whatever you think of Infowars, they're coming for you next.

Facebook bans Infowars. Permanently.

Infowars was widely credited with playing a key role in getting Trump elected.

This is a co-ordinated move ahead of the mid-terms to help Democrats.

This is political censorship.

This is culture war.
